

EZ-ACCESS provides premier accessibility for commercial and industrial applications.

In addition to the Traverse™ Curbside Loading Ramp, we offer the Titan™ Commercial Ramp and Step System and the Fortress™ OSHA Stair System, each to provide code-compliant access while protecting your company from costly L&I or Workers' Compensation claims.

EZ-ACCESS is a division of Homecare Products, Inc., and through an extensive network of local authorized dealers, we serve the entire United States with quick and professional products and services.

TRAVERSE™

Curbside Loading Ramp

4', 6', 8', 10', 12' and 14' lengths

Oversized, top lip transition plate for increased security

Optional wheel kit reduces back strain

Standard Features

- Full width, 4.75" attached top lip transition plate distributes weight evenly
- Permanent, extruded surface provides slip-resistance and all-weather traction
- Welded aluminum construction for strength and corrosion resistance
- 6" self-adjusting bottom transition plate allows for a smooth transition
- Reinforced hook/strap safety attachment point allows ramp to be secured to vehicle (strap or chain not included)
- Three-year manufacturer's warranty
- 100% made in the USA

Optional Features

- Wheel Kit: Designed to assist in ramp transport
